

Electronic Patent Application Fee Transmittal

Application Number:	10601953			
Filing Date:	24-Jun-2003			
Title of Invention:	Compositions and methods for modulating physiology of epithelial junctional adhesion molecules for enhanced mucosal delivery of therapeutic compounds			
First Named Inventor/Applicant Name:	Steven C. Quay			
Filer:	Mark A Bales/Janice Goebel			
Attorney Docket Number:	02-03US, Project 175			
Filed as Small Entity				
Utility Filing Fees				
Description	Fee Code	Quantity	Amount	Sub-Total in USD(\$)
